Real world experience applied to real practical training

Veteran Owned

Attendees: This course is designed for Undercover and Plainclothes Officers/Detectives/Agents/Supervisors assigned to Narcotics, Gangs, Intelligence, Internal Affairs, Vice, Human Trafficking, or Specialized Units (Who have prior attendance to the one-week classroom "Basic/Intermediate" Undercover Techniques and Survival school).

Course Description: This 5-day (36 hour) "Practical Scenario" training has been designed to complement and expand the one-week (Classroom) Undercover Techniques and Survival course. Dave's practical "pay it forward" type of training has come from 20 years of undercover instruction and 25 years of undercover experience. Having trained over 14,000 undercover personnel Internationally and Nationally, Instructor Dave Redemann learned early in his teaching career that even though he was blessed to have a wide array of undercover experience and knowledge, he couldn't obtain the knowledge of more than 12,000 undercover personnel on his own. Through the 20 years of undercover practical scenario training, Dave has realized that one of the most beneficial types of training is "realism" based training. Practical video training allows a student to learn in the most realistic environment without the deadly consequences of mistakes. The videotaping of scenarios allows the student to visually and audibly reviews their performance along side of an experienced undercover. The scenarios are designed to progress on a crawl, walk, run degree of difficulty. Dave's goal is to provide training to officer in an effort to make sure every undercover officer gets home to their loved ones each and every night. His training is updated with the most current and relevant information each and every time it is instructed.

The training covers: Practical "real life" Undercover Scenarios to include most crimes undercover personnel experience in the real world. Some of the scenarios include: street level narcotics buys, in vehicle narcotics buys, middle and upper level narcotics buys, street level prostitution, escort prostitution, outlaw motorcycle gangs, white supremacist, murder and arson for hire to name a few. Each student will receive a video recorded unique exposure and practical application to real undercover situations in a safe and evaluated environment.

Instructor: Dave's twenty-five years undercover experience includes, but is not limited to, the following: vice, narcotics, organized crime, white supremacy groups, militia groups, Mexican drug trafficking organizations, outlaw motorcycle gangs, and assisting Federal Bureau of Investigations (FBI) undercover personnel on an international terror case.

A large portion of Dave's cases involved long term infiltrations of criminal organizations lasting up to four years. Dave was tasked with infiltrating an Outlaw Motorcycle Gang. This assignment lasted for almost 4 years. Dave has spent roughly ten years of his undercover career living with the criminals he was investigating. While working undercover, Dave has purchased most levels of numerous types of narcotics, stolen vehicles, stolen property, guns, fully automatic guns, explosives, and hand grenades. Dave created and teaches at the Washington State Undercover School (since 1997) teaches at the F.B.I. undercover school (since 1997), Pennsylvania State Police "Top Gun" undercover school (since 2013), Midwest Counter Drug Training Center (since 2010) and additional military, federal, state and local agencies and organizations.
